Icons

Imagery

Note:

These styles apply to the Udacity Coffee Shop app design and they should be used at all point of the design

Do's:

- Use thumbnail images such that they fit into cards.
- Use the blue color buttons for buy button.
- Use heading size and style accordingly which suits the page UI.
- Use body text accordingly to suit the page UI.

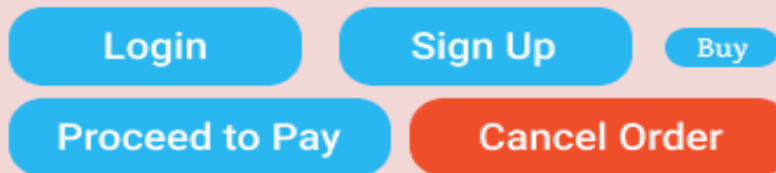

Dont's:

- Don't use icons to represent things other than what they are. For example to use the back arrow to represent backward.

Navigation

Input

Do's:

- The navigation should be placed at extremes of the page to increase spacing.
- Input texts must be used with white background.
- Item cards should be used exactly shown as it looks handy, clean and less clumsy.

Dont's:

- Buttons should not be of different shape and color.
- Use of too many colors is painful for users as the UI looks clumsy.
- Item cards should not contain description.
